Dear Valued Customer

### **REACH Compliance Declaration**

DEIF A/S hereby certifies that products manufactured and placed on the market by DEIF A/S fully comply with the European Union Regulation (EC) 1907/2006 concerning the Registration, Evaluation, Authorization and Restriction of Chemicals (REACH)

REACH requires article suppliers to inform recipients if an article contains a Substance of Very High Concern (SVHC) in excess of 0.1% by weight.

As of 17 January 2022, ECAH (The European Chemicals Agency) has placed 223 substances on the Candidate List of Substances of Very High Concern for authorization. The list will be updated and published periodically by ECHA as more substances are identified as SVHC. Any SVHC must not be used, manufactured, or imported without the prior authorization of the ECAH.

Under the definition of the REACH regulations EC1907/2006, DEIF A/S is a producer of "articles" and does not manufacture chemicals, preparations or articles that intentionally release substances under normal operating conditions and therefore do not fit within the scope of entities obligated to pre-register and register with REACH.

Based on the information provided DEIF A/S by approved suppliers, none of these substances are present in the materials DEIF A/S uses in products, including packing and shipping materials. Therefore, DEIF A/S products do not contain any substances on the SVHC list above the permitted limit.

Best regards  
DEIF A/S

Chanette Nyrup Oksborg  
Senior VP, Operation & Supply Chain.
